

# SALAAR MASOOD

Student

## PROFILE:

I'm a motivated undergraduate currently pursuing a degree in Computer Science with a keen interest in expanding knowledge and gaining experience in the field. Committed to learning and applying foundational computer science concepts, including programming, algorithms, and data structures. Completed first-year university with strong academic performance and active involvement in computer science-related activities. Continually self-teaching new technologies and programming languages to stay ahead of emerging trends. Eager to apply classroom knowledge in a real-world setting through internships. Always open to opportunities that encourage growth and learning in the computer science field.
